PROFESSIONAL SUMMARY

IT professional working as a Systems Specialist for the City of Carson, with a background across help desk, technical support, and IT support engineering roles at MediaAlpha, Infineon Technologies, and CSU Dominguez Hills. My work centers on systems administration, identity and access management, endpoint support, and improving day-to-day IT operations through automation and clear documentation. Certified in Okta and AWS CloudOps, with Microsoft Azure (AZ-104) expected June 2026, I regularly build hands-on cloud projects spanning infrastructure as code (Terraform), CI/CD, and automation.

EDUCATION

Master of Science, Computer Science — California State University, Chico Expected Fall 2027
Bachelor of Arts, Computer Technology — California State University, Dominguez Hills Homeland Security

CERTIFICATIONS

AWS Certified CloudOps Engineer – Associate — Amazon Web Services, 2026
Microsoft Certified: Azure Administrator Associate (AZ-104) — Microsoft, Expected June 2026
Okta Certified Professional — Okta, 2021 (expired 2023)

TECHNICAL SKILLS

Cloud: AWS · Azure · Virtualization
Automation & IaC: Terraform · CI/CD · GitHub Actions · Python · Bash
Identity & Security: Identity & Access Management · Entra ID · Okta · Active Directory · RBAC · Key Vault
Systems & Networking: Windows · macOS · Linux · Networking · Endpoint & Patch Management · Monitoring

EXPERIENCE

Systems Specialist · City of Carson Present

- Administer systems and day-to-day IT operations across a municipal environment.
- Automate manual, repetitive processes to improve efficiency and reduce errors.
- Build internal documentation, knowledge-base resources, and operational reporting.

IT Support Engineer · MediaAlpha 2021 – 2023

- Served as first point of contact for IT support across Windows and macOS devices.
- Administered internal SaaS systems and the full account lifecycle — provisioning, procurement, onboarding/offboarding.
- Built out the IT knowledge base and supported IT service levels and compliance (SOX, NIST CSF).

Technical Support Specialist · Infineon Technologies 2018 – 2021

- Supported and maintained complex network infrastructure across Windows and Mac devices.
- Handled account provisioning/deprovisioning, procurement, decommissioning, and asset administration.
- Built out an IT knowledge base for self-service and ongoing documentation.

Help Desk · CSU Dominguez Hills 2017 – 2020

- Maintained, upgraded, and replaced hardware and application software to meet business needs.
- Led troubleshooting initiatives spanning networking and hardware.
- Applied industry-standard methodologies and techniques to support and analysis efforts.
